

The FAA Safety Team presents:

Pilot Error! Truth or Dare? at HAI HELI-EXPO 2016

“You’ve seen wrong so long you’ve forgotten what right is supposed to look like.” This saying describes cultural acceptance of a known risk. Given enough time, there often comes a point within an organization that a conscious decision is made to accept a known risk. The problem is that over time, that accepted risk is replaced by normalcy (otherwise known as complacency), and everyone forgets the issue was ever a risk in the first place.

This course is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2016. These sessions are FREE to all HELI-EXPO 2016 registered attendees and exhibitors.

Attend at least six Rotor Safety Challenge sessions at HELI-EXPO 2016 and receive a certificate of recognition for completing the 2016 HAI Rotor Safety Challenge.

Take the Safety Challenge in three simple steps:

1. Select safety sessions to attend from the HAI Rotor Safety Challenge Schedule. To see the full Safety Challenge schedule, visit <http://www.rotor.com/takethechallenge>.
2. At the conclusion of each session, receive an official token from the room monitor or presenter.
3. Once you have earned at least six tokens, drop by the HAI Safety Committee Booth on the show floor, turn in your chips to a committee member,
